About the “Right to the City & Human Rights Hub” stand in the UCLG Congress

Six partner organizations have decided to host a shared stand in the UCLG World Congress so that human rights and right to the city-related issues (such as housing, migration or participatory democracy) are well visible during the event.

This stand provides interested members and partners with an open networking space and meeting point to discuss and advance collective initiatives on all these issues and more.

Find us at the nº 21/22 stand in the exhibitors venue (Building in front of the Local4Action Hub)
